Change the site and panel language

Screen for this step

On the registration page, tap the language name or globe icon at the top and choose your preferred language.

If you are already signed in, open the three-line menu. At the bottom of the menu, tap the current language, such as English, beside the globe icon.

Select English from the list. Persian, Arabic and Turkish are also available.

Note

The screenshots in this guide show the English interface. Changing the language translates the button labels; the overall steps remain the same.

Step 3 / 9

Enter email and mobile number

The screenshot shows a registration interface with three progress indicators at the top: 'Personal Information' (checked), 'Email and phone number' (active), and 'Password' (pending). The main heading is 'Verify Your E-mail'. Below it, a message asks the user to enter their email and phone number. A yellow box contains a note about verification. The 'Email' section has a text input field. The 'Phone Number' section has a dropdown for country code (set to GB +44) and a text input field. At the bottom, there is a 'Verify you are human' checkbox, a 'Back' button, and a 'Receive confirmation email' button. A Cloudflare logo is visible on the right side of the verification section.
